

Hearing

Name of App	Platform	Description
ClearCaptions	iOS (Apple)	Adds free captions to phone calls, displaying them on iDevices
Cochlear Baha Control	iOS (Apple)	For use with Cochlear Wireless Phone Clip and Cochlear Haha 4 Sound Processor.
Convo VRS	iOS (Apple)	From a Deaf-owned VRS provider comes a natural calling experience for deaf and hard of hearing people. We believe that you should always maintain ownership of your call, and we achieve this through our highly-qualified interpreters and intuitive app design.
Hamilton Captel	iOS (Apple)	Listen to your phone conversations while reading word-for-word captions of what's said to you- similar to captions on TV.
HomeAware	iOS (Apple)	Link your iPhone or iPad with your SonicAlert HomeAware signaling system via Bluetooth. Receive alerts on your HomeAware from your iOS device (incoming call and text). Receive alerts on your iOS device from HomeAware (door, baby cry, smoke, CO, etc.). Also works with Apple Watch!
IP-Relay	iOS (Apple)	Enables people who are hard of hearing of deaf to use an iPhone or iPod Touch to easily call people who are hearing. Like an instant messaging chat, you type your side conversation.
Mimix Sign Language Translator	iOS (Apple)	An app that interprets spoken and written English into sign language using a 3D friendly avatar, new signs are added every week.
nTouch	iOS (Apple)	Videophone that can be used to communicate with ASL
P3 Mobile	iOS (Apple)	Video-based telephone relay system for deaf and hard of hearing customers to place and receive VRS and VP calls over a WI-FI or cellular data connection.
Padius	iOS (Apple)	Padius is a mobile app that allows phone calls for the deaf and hard of hearing. Through our app you can call landline and mobile phones. Using speech synthesis and voice recognition technologies, after login users can insert a phone number and start a call.
RogerVoice	iOS (Apple)	Provides a means for the deaf and hard-of-hearing to carry out phone conversations. Needs WiFi to work.
Serene LINK	iOS (Apple)	The Serene LINK is an App for the InstaLINK Wearable Smart Phone Alert, model iL-100 by Serene Innovations. The InstaLINK is a wrist watch that alerts you to calls, text messages, and even social media notifications on your smart phone.
Sign 4 Me for iPad	iOS (Apple)	Works with Siri Speech Recognition. Tool for learning sign language with full-body avatar.
soundAMP R	iOS (Apple)	Amplify the world around you discreetly with iPhone and iPod Touch.
The ASL App	iOS (Apple)	The ASL App is made by Deaf people for you! Learn conversational ASL right now, on the go, with all phrases and signs organized to make it easy for you to learn.

Hearing

Name of App	Platform	Description
